Amendments to the Specification

Page 1, please insert the following sentence immediately after the title of the invention as follows:

This application is a Continuation application of application Serial No. 09/654,354, filed September 1, 2000.

Page 8, please replace the paragraphs spanning lines 2-10 with the following rewritten paragraphs:

~~Tha~~ The present application also provides a method for producing the heat resistant high-chromium containing ferrite ~~steal~~ steel as mentioned above. ~~Said~~ The method can be comprised with steps of hot working bulky steel derived from a melt raw materials and ~~a~~ annealing the hot worked steel.

As preferable embodiment, ~~it's~~ it can be shown that ~~said~~ the annealing step is comprised with processes of a heating process at the temperature of 1000°C or more and a cooling process in a furnace.
